### NAICS Codes:

- 332710 – Machine Shops
- 336412 – Aircraft Engine and Engine Parts Manufacturing

### Certifications:

- ISO 9001:2015
- AS9100D

- Precision parts manufacturing
- CNC and conventional lathes and mills
- Custom tools and tooling
- Prototype parts
- Long and short production runs
- 1x Fanuc Robodrill CNC 4-axis mill
- 1x Fanuc Robodrill CNC 5-axis mill
- 1x Haas VF-4 4-axis CNC mill
- 1x DMG/Mori DMU 50 simultaneous 5-axis CNC mill
- 1x DN Solutions DVF5000 5-axis CNC mill
- 1x DMG/Mori NLX 2000 Multi-spindle Lathe
- 1x DMG/Mori NLX 2500 Multi-spindle Lathe
- 5x Haas SL-10 CNC Turning Centers
- 1x Haas SL-20 CNC Turning Center
- 1x Haas SL-30 CNC Turning Center
- 1x Samsung SL4500 CNC Turning Center
- 1x Hardinge Super Precision CNC Turning Center
- Various manual mills and lathes
- Various saws and pedestal grinders
- Vast outside services vendor list

Our turning capabilities consist of parts up to 22" in diameter and mill parts up to 20" wide x 30" long.

Materials include **but are not limited to** Aluminum, Alloy Steel, Tool Steel, Stainless Steel, Titanium, Brass, Aluminum Bronze, BeCu, and all HTSA's including Inconel, Monel, MP35N, Nitronic, Hastelloy. We also machine composites.

## DIFFERENTIATORS

With experienced journeyman level machinists, WIPCO has over 150 years of combined machining experience. We have built our reputation on delivering reasonably priced, quality parts, on time to ensure customer satisfaction. We strive to improve our reputation every day.

We understand that our customers are cost conscious. We have the expertise needed to streamline production runs for maximum customer value.
